AUSTIN PICINICH - SAVE OUR SALMON THROUGH ART

Discussion Questions

What problem or issue did Austin identify? How is he addressing that problem through Save Our Salmon?

Raising awareness is a key part of creating change. Think about a time you first learned about a specific issue or problem. How did it inspire you to get involved or change your behavior?

Austin mentions his lifelong love of painting and art. What are some of your hobbies and skills, and how could you use those talents within your community?

People of all ages participate in Austin's community paint days. How can you work with the people in your community to make a difference?

What is a keystone species, and why is it so important to protect them?
