

Mia, Chase, and Genshu are all working to increase access to education. Why do you think education is so important, both for you and for kids across the world?

---

---

---

---

---

---

Think about a class, teacher, or lesson that impacted you. What made it memorable?

---

---

---

---

---

---

Genshu talks about the importance of new experiences to growing minds. What is one educational field trip you wish your class could go on, near or far? Don't be afraid to dream big!

---

---

---

---

---

---

---

---

---

---

As a young student, Chase often hosted book drives in his community. If you could recommend one book to someone, what would it be?
