HOMELESSNESS

Discussion Questions

What are some of stigmas or stereotypes about homelessness that Armando, Sahana, and Ethan address?

Ethan references the importance of conversation and connection. Have you ever had an interaction with a neighbor in need or person experiencing homelessness? What did that encounter teach you?

Are there organizations or groups in your community that are working to help the homeless?

Armando talks about the blessings in his life that have led to a safe and stable home. There are many factors outside of our control that influence where we live and how we grow up - what might some of those things be?

What was most meaningful or interesting to you in this video?
