

Aseel, Karun, and Laalitya are all pursuing positive change through inventions. Which creation stood out most to you? Why?

---

---

---

---

---

These inventors showcased their passion for learning and innovation. What is something that you are passionate about? Could you use that passion to make a difference?

---

---

---

---

---

Laalitya says the first step to creating an invention is understanding your skills. What are your skills? Can you pair your skills with a passion in order to make a difference?

---

---

---

---

---

---

---

What is one idea you have for an invention? Use your imagination!

---

---

---

---

---

What do you think it means to be a young hero?
